

5th EAWOP Early Career Summer School

12-16th September 2016, Aston University, Birmingham

Birmingham

Geographical heart of England; easily accessible by road, train or plane

Largest, most populous and diverse British city outside London

Famous for its cutting edge museums and galleries, innovative theatres, excellent shopping, picturesque canals with waterside bars, restaurants, attractions and cruises

Some images ...

Venue

Aston University is suited in the centre of Birmingham

Participants will stay on campus in Aston's brand-new-en-suite study bedrooms

Sessions will be held on campus in Aston Business School's Postgraduate Suite

Aims

EAWOP early career summer schools are designed to foster pan-European research collaborations and to support the development of promising researchers in the field of work and organisational psychology.

The summer school presents the unique opportunity for early career researchers to meet with fellow researchers and prominent professors to discuss their own work as well as aspects of being a researcher.

Goals

Launching a successful career in the field of work and organisational psychology as an academic and professional.

Provide delegates with an insight into the multiple components which make up a successful career paying particular attention to

- Research and publications
- Career planning and management
- Successful grant funding applications
- Community engagement

Activities

- Roundtable sessions hosted by a senior scholar where researchers will present their research activities and discuss key issues
- Keynote presentations given by two of the invited senior scholars
- Three skills workshops which will address the following crucial topics: how to publish in A-level international journals, the mentoring process and how to attain funding;

Activities

- Poster presentation
- Two research methods clinics where recent topics in statistics will be introduced
- Career management session
- Meet the practitioners session
- Opportunities for networking

Participating scholars

- **Russell Cropanzano**, University of Colorado, US
- **Richard Crisp**, Aston University, UK
- **Jeremy Dawson**, University of Sheffield, UK
- **Ute Hulsheger**, Maastricht University, Netherlands
- **Robin Martin**, University of Manchester, UK
- **Sandra Ohly**, Kassel University, Germany
- **Christina Shalley**, Georgia Tech University, US
- **Ute Stephan**, Aston University, UK
